GATHER ROUND

FOR HOSTS & HOSTING COMPANIES

YOUR MIC. YOUR SHOW. YOUR BUSINESS.

Gather Round handles the clock, the scoring and the big screen so you can work the room. Built alongside hosts. Never instead of them.

WHAT STAYS YOURS

YOUR VENUES
Your relationships and your gigs. We never go around you to your venue.

YOUR QUESTIONS
Write your own, import a spreadsheet or build a game by category.

YOUR STYLE
Your pace, your banter, your bad puns. The room comes for you.

THE FINAL SAY
Overrule any answer. Fair-play notes come to you privately, and you decide.

OFF YOUR PLATE

~~Collecting and scoring paper sheets~~
Answers marked instantly

~~Arguing over misspellings~~
Close spellings and half credit, your rules

~~Watching phones under the table~~
One fair timer you control

~~Standings on a whiteboard~~
Reveals and standings on the big screen

~~Rebuilding the night every week~~
Templates: set it up once, reuse it

READY TODAY

Built and working

- ✓ **One laptop** runs the night, or walk the room with the phone remote
- ✓ **Round Check** catches problems before the night
- ✓ **Practice run** with pretend tables first
- ✓ **Picture questions,** music and sound, with an instant mute
- ✓ **Tiebreakers** and a winner's podium
- ✓ **Your venues' names and specials** on screen
- ✓ **A login for each host** on one account
- ✓ **Keeps going:** a laptop restart or dropped phone picks up where it was

ALL YOU NEED A laptop, Wi-Fi or decent cell signal, and the venue's TV or projector. Players use their own phones, free, with no app.

HOW IT FITS TOGETHER

BUILT ALONGSIDE HOSTS. NEVER INSTEAD OF THEM.

Gather Round is software for the people who already make trivia nights happen. Here's who's who, what works today and what we're still building.

✓ **Today** = built and working now ○ **Planned** = not available yet. We'll say when it's ready, not before.

PLAYERS

Always free.

✓ Scan the code, type a first name and team, play. No app, no account.

○ Optionally save your results after a game. Never required.

INDEPENDENT HOSTS

Your mic. Your show. Your business.

✓ A host account that runs the whole night: your questions, your venues, your call on every answer.

○ A monthly plan sized by how many games you run.

HOSTING COMPANIES

Several hosts, one business.

✓ A login for each host on one account.

○ A company plan with one shared game allowance, plus tools to manage your hosts and the venues they cover.

VENUES

A free profile, yours to keep.

✓ Your name, logo and specials on screen when your host runs Gather Round.

○ A free venue profile you create or claim. It stays yours, with its trivia history, even if hosts change.

VENUE PRO

Optional. Never needed to run trivia.

○ Deeper attendance and returning-team trends, scheduling and promotion tools for venues that want more.

SELF-HOSTING VENUES

No outside host? Run it yourselves.

✓ Your staff run the night with their own host login.

○ A venue hosting plan for venues that run their own games.

HOW A NIGHT COMES TOGETHER

01

The host sets it up once: questions, rounds, timing. Reuse it every week. ✓

02

The venue's TV shows the game with the venue's name and specials. ✓

03

Teams scan and play on their phones. Scoring takes care of itself. ✓

04

Results: reveals, standings and a podium ✓. The night's history kept with the venue ○

OUR PROMISES

Players always play free. Every game, every venue.

Venues keep their identity and their trivia history when hosts change.

Game allowances reset monthly. Plans will include a set number of games each month, with no rollover.

Hosts keep their venues. We never go around a host to their venue.

One game, paid for once. A host and a venue are never both charged for the same game.

Pricing isn't set yet. Our First Round hosts and first venues hear it first.

BAR TRIVIA, MADE SIMPLE.

GROWING WITH HOSTS

THE PEOPLE AT THE MIC SHAPE WHAT WE BUILD.

Whether you host one night a week or run a team of hosts across a dozen venues, Gather Round is built to make your nights easier to run, not to take them over.

INDEPENDENT HOSTS

✓ Everything on the front page, from your own host account.

✓ Add the venues you already host. They stay your relationships.

○ A monthly plan sized by how many games you run.

○ A verified host profile, if you want one.

HOSTING COMPANIES

✓ A login for each of your hosts on one account.

✓ The same game, the same scoring and the same big-screen show at every venue you cover.

○ One shared game allowance across your hosts.

○ Tools to assign hosts to nights and see what's coming up.

PLANNED FOR HOSTS

Not available yet. Every one of these is your choice to switch on.

Verified Gather Round Host. A check that you're a real, working host. It confirms who you are, not how good your show is.

Open for Gigs. A switch that tells us you'd take new venues. Off unless you turn it on, and it never changes nights you've already booked.

Venue invites. A venue can sponsor one full free game so you can try Gather Round there. No card, no auto-charge.

Host directory. Only verified hosts who opt in are listed for venues to find. Leave any time and keep your account and gigs.

Gig dashboard. Your upcoming nights, details and history in one place.

Your nights, your records. You keep your own game history. The venue keeps its own.

THE FIRST ROUND: OUR FIRST BETA HOSTS

+ **Run real nights** on Gather Round at your venues

+ **A direct line** to the people building it

+ **Shape what comes next** with your feedback

+ **Post-game ratings:** see how the room felt, every night

Honest about it: it's a beta, so some things will break and we'll fix them with you

No promise of gigs or income from joining

Planned features arrive when they're ready, not before

Pricing isn't set. First Round hosts hear it first.

PLAYERS ALWAYS PLAY FREE Nobody at your tables ever pays, downloads an app or makes an account to play.

RUN A NIGHT ALREADY? GET IN EARLY.
