GATHER ROUND

FOR VENUES

BAR TRIVIA, MADE SIMPLE.

The platform behind a great trivia night. Your host runs it from a laptop, the TV puts on the show, and teams play on their phones with no app.

HOW IT WORKS

1. **Scan to join.** Teams scan the code on your TV. No app to download.
2. **Play as a team.** Everyone suggests on their phone. The captain locks it in.
3. **Watch the reveal.** Answers are revealed on screen and standings move every round.

TRIVIA, MINUS THE PAPER

~~Paper answer sheets~~
Every phone plays, no app

~~Waiting while the host scores~~
Answers marked instantly

~~A "no phones" rule nobody enforces~~
Timed answers the host controls

~~Late teams sit out a round~~
Join between questions

~~A host buried in papers and pens~~
One laptop runs the whole night

WHAT IT DOES FOR YOU

YOUR BAR

Your name and tonight's specials on the big screen all night, with your own host or staff running it. Players always play free.

YOUR HOST

Their mic, their show. No paper to score, one laptop runs the night, and any answer can be overruled.

YOUR REGULARS

Picture questions, answer reveals and tiebreakers on the big screen. One fair timer for everyone.

WHAT'S NEXT

Free venue profiles, verified hosts and a sponsored first game for your host are on the way. See inside.

ALL YOU NEED Wi-Fi or decent cell signal. A TV or projector for the host's laptop is recommended for the big-screen show, but phones alone work too.

WHY GATHER ROUND

YOUR HOST RUNS THE ROOM. WE HANDLE THE REST.

The clock, the scoring and the big screen take care of themselves, so your host can work the room and your regulars have a night worth coming back for.

LESS WORK, MORE NIGHT

No paper sheets, no adding up scores between rounds. Answers mark themselves, and the host keeps the final say.

FAIR, WITHOUT THE DRAMA

If a phone leaves mid-question, the host gets a quiet note. Nothing on the big screen, nobody called out.

MADE FOR YOUR BAR

Your name, logo and tonight's specials on screen all night. Questions already asked at your place are left out next time.

NOTHING TO INSTALL

It runs in a browser. Use your TV or projector, or run the whole night on players' phones.

BUILT TO KEEP GOING

Laptop restarts or a phone drops? Everyone picks up right where they were.

LOCAL AND HANDS-ON

A Southern NH team. We help your host learn it, and build what's next with our first hosts and venues.

HOW IT FITS TOGETHER

BUILT ALONGSIDE HOSTS. NEVER INSTEAD OF THEM.

Gather Round is software for the people who already make trivia nights happen. Here's who's who, what works today and what we're still building.

✓ **Today** = built and working now ○ **Planned** = not available yet. We'll say when it's ready, not before.

PLAYERS

Always free.

✓ Scan the code, type a first name and team, play. No app, no account.

○ Optionally save your results after a game. Never required.

INDEPENDENT HOSTS

Your mic. Your show. Your business.

✓ A host account that runs the whole night: your questions, your venues, your call on every answer.

○ A monthly plan sized by how many games you run.

HOSTING COMPANIES

Several hosts, one business.

✓ A login for each host on one account.

○ A company plan with one shared game allowance, plus tools to manage your hosts and the venues they cover.

VENUES

A free profile, yours to keep.

✓ Your name, logo and specials on screen when your host runs Gather Round.

○ A free venue profile you create or claim. It stays yours, with its trivia history, even if hosts change.

VENUE PRO

Optional. Never needed to run trivia.

○ Deeper attendance and returning-team trends, scheduling and promotion tools for venues that want more.

SELF-HOSTING VENUES

No outside host? Run it yourselves.

✓ Your staff run the night with their own host login.

○ A venue hosting plan for venues that run their own games.

HOW A NIGHT COMES TOGETHER

01

The host sets it up once: questions, rounds, timing. Reuse it every week. ✓

02

The venue's TV shows the game with the venue's name and specials. ✓

03

Teams scan and play on their phones. Scoring takes care of itself. ✓

04

Results: reveals, standings and a podium ✓. The night's history kept with the venue ○

OUR PROMISES

Players always play free. Every game, every venue.

Venues keep their identity and their trivia history when hosts change.

Game allowances reset monthly. Plans will include a set number of games each month, with no rollover.

Hosts keep their venues. We never go around a host to their venue.

One game, paid for once. A host and a venue are never both charged for the same game.

Pricing isn't set yet. Our First Round hosts and first venues hear it first.
